**Amendment Provisions**

The initial agreement was entered into between the Louisiana Department of Culture, Recreation and Tourism, Office of Tourism, and the Houma Area Convention and Visitors Bureau acting on behalf of the Louisiana Tourism Coastal Coalition (LTCC) to implement services funded by monies provided by British Petroleum as a result of the BP-Deepwater Horizon Oil Spill, services to mitigate damages to the Louisiana tourism industry. Upon implementation of the agreement the LTCC was not considered an official legal entity, operating under an assigned tax identification number, and was not organized with management staff to ensure operations and services. The organization is now established and has hired the needed staff; therefore all parties agree that this amendment 1) ensures that all financial requirements and service responsibilities and obligations are transferred to the LTCC 2) changes the tax identification number in order that payments will be received by the LTCC instead of Houma Area CVB and 3) extends the termination date of the agreement from December 31, 2010 to extend on June 30, 2011 in order to allow additional time to implement services according to the proposed plan.

**Justification for amendment:**

The LTCC is now an official legal entity, operating under an assigned tax identification number, and is organized with management staff to ensure operations. - B. The United States Coast Guard has designated BP as a Responsible Party for the Event under the Oil Pollution Act of 1990.
- C. BP and the State do not intend the Payment to hamper, limit, or otherwise affect in any way, any other payments or sources of funding available to the State in responding to the Event, removing or assessing damages to the State's natural resources, or any other causes of action, claims or remedies available to the State resulting from or related to the Event; and, such Payment shall not affect funds received by the State from the National Pollution Fund Center (NPFC) through the Pollution Removal Fund Authorization (PRFA) process.
- D. BP and the State do not intend the Payment to hamper, limit, or otherwise affect in any way, any other payments or sources of funding available to any other person, parish, or other political subdivision in responding to the Event, or any other causes of action available to them resulting from or related to the Event; and, such Payment shall not affect funds received by persons or political subdivisions from the National Pollution Fund Center (NPFC) through the Pollution Removal Fund Authorization (PRFA) process.
- E. BP and the State do not intend the Payment to replace any other funds, grants, assistance, or reimbursement BP is providing, or would otherwise provide, to a parish or other political subdivision of the State directly; and, any such funds, grants, assistance or reimbursement BP is providing, or would otherwise provide to the parish or other political subdivisions are not intended or required to flow through the State.
- F. BP and the State do not intend this Agreement to affect any right to reimbursement exercised or exercisable by the NPFC in connection with the Event. - G. BP and the State agree that the State shall not seek reimbursement from the

NPFC, or any similar fund, or from BP or any of its affiliates, for costs that the State has already paid out of the Payment, the intent being that the State shall not receive a double payment for the same costs.

NOW, THEREFORE, BP and the State hereby agree as follows:

1. Payment. Promptly after the execution and delivery of this Agreement, BP shall provide the Payment to the State by wire transfer of such amount to an account established for such purpose by the Designated State Agency (as defined below). The Payment shall be irrevocable and nonrefundable.

2. Use of the Payment. The Payment shall be used by the Designated State Agency to promote tourism in the State in a manner designed to alleviate or mitigate concerns resulting from the Event; provided, for the avoidance of doubt, that the physical location for events promoting such tourism shall not be restricted so long as such events have the purpose and effect of alleviating or mitigating tourism-related concerns in the coastal areas of Louisiana affected by the Event. In addition, the Payment shall be used by the Designated State Agency no later than six months from the last to occur of: i) the date of total cessation of hydrocarbon flow from the MC 252 #1 Well, Macondo Prospect, OCS-G-32306 (the "Well"); or ii) the date that cement plugs have isolated the reservoir in the Well, (the "Payment Use Date"). Subject to the foregoing, the Designated State Agency shall have full discretion to determine the appropriate use of the Payment for such purpose and shall keep reasonably detailed records of how the Payment has been used and disbursed. The State shall send BP a report of disbursements of the Payment promptly after Payment Use Date. In addition, BP shall have reasonable access to the State's disbursement records and shall have the ability to make inquiries to the Designated State Agency from time to time to monitor the use and disbursement of the Payment. The parties further agree that the payment and disbursement of the Payment will be in compliance with all applicable laws and regulations.

3. Designated State Agency. As used herein, the "Designated State Agency" shall be the Louisiana Department of Culture, Recreation & Tourism or such other agency or authority as to which the State and BP may agree.

4. Miscellaneous.
